Summary: "There are many theories on the techniques of how Hiccup horrendous haddock the third used to train his dragon Toothless, many which of we use today. For Your assignment I would like a paper on Five ways or more that he may have used and how they reacted to the dragon's scenes ." Mrs. Idlen said This is a story of Now and Then, Before and After, and how Love Last Thou Time!

What Happen

Hey 4gome here

So I had a thought, there are so many stories out there where Hiccup turns into a dragon |so this is where this one came from..Kind of |hiccup had gotten used to his new body over five years. But what would happen if someone he trusted turn him back, something had happen to make him stay in that from |and humans always live out there dragons.

This is two stories in one find out what happens to hiccup then and now |I don't want to say too much it might give some of it away.

_A/N: How To Train Your Dragons belong to the rightful owners I own nothing but the idea of this story and my Oc's. NOW I HOPE YOU ENJOY!

—

Everyone has heard of the Legend of Hiccup, Well everyone had to it was part of our history: Were a bright boy was so brave to faces his fear and go after a dragon to kill it like every other Viking. But instead of what he intend He ended up befriend this dragon and not any ordinary one a night fury a strong, powerful, and intelligent dragon |And he named it Toothless.

It has been a little over a thousand year's sense then and because of Hiccup, Dragons are a part of everyday life now. It's now the Year

2013 and to tell this story everyone going to have to know a few thing about now of days with dragons.

Firs off to have dragon you have to have paper saying it is your and it has to be register. Some people hate it; others think it a smart idea.

Second, Because of all the stories around Hiccup and his Friends, someone decided to solve the communication between them when they get lost, separated, and so on and forth. So the result is what is called a DarCon, it's kind of looks like a blue tooth but instead it a small walky-talky it can span between ten to one-hundred-fifty miles. As you would expected they are very pricey.

Third, there are a few ways to get dragons. One is to inherit them another way is to buy them from a breeder, yes there people can be stupid enough to breed them. The last why is to go out into the dragon grounds and find your own.

Lastly as said before there are many dragon grounds, were the government has made it so that there is a place where wild dragons can be in peace. There are thou some places that only dragons can get to and most human breed dragon refuse to bring their riders.

A/N: Please R&R I will try to update a chapter everyone week hope u like the introduction. ~ love 4gome ;)
